Please Note: *Some parts may be subject to minimum order quantities should they not be in stock.*

FINDING THE RIGHT SIZE PART ...

a = Plate Thickness

b = Overall Length

1. Please use this diagram to help you measure the **a** and **b** dimensions of the EDGING STRIP you require. Using these measurements as a guide you can then select a product code from the list that may be suitable for your requirements.

2. Our EDGING STRIP part numbers are made up of the two **a** and **b** dimensions of the part itself.

3. Alternatively please [click here](#) to see our 'Guide to Measurement' information sheet.

OUR PART NUMBER	a (mm)		b (mm)
	Min	Max	
G108-08-12	0.8	1.2	7.0
G108-10-20	1.0	2.0	8.0
G108-15-28	1.5	2.8	9.5
G108-27-38	2.7	3.8	10.5
G108-37-52	3.7	5.2	11.0
G108-53-68	5.3	6.8	13.0
