Please Note: Some parts may be subject to minimum order quantities should they not be in stock.

FINDING THE RIGHT SIZE PART ...

1. Please use this diagram to help you measure the **a, b, c** dimensions of the SEMI-BLIND GROMMET you require. Using these measurements as a guide you can then select a product code from the list that may be suitable for your requirements.

2. All our part numbers are made up of the three **a, b, c** dimensions of the part itself.

3. Alternatively please [click here](#) to see our 'Guide to Measurement' information sheet.
